Welcome to Eastham

In his book, "The Outermost House", Henry Beston described his feelings about our town when he wrote: "Outermost cliff and solitary dune, the plane of the ocean and the far bright rims of the world; meadow land, and marsh, and ancient moor; this is Eastham; this is the Outer Cape". So you too can stand on the "solitary dune", and gaze across to "the far bright rims of the world". Those of us who call Eastham our home, welcome you, our visitors, and hope that you too can enjoy Eastham as we do and as Henry Beston did.

For your information about Eastham. It was settled by a handful of people from Plymouth in 1644 and incorporated in 1651. At this time Eastham included the areas now covered by the present towns of Orleans, Brewster, Harwich, parts of Chatham and Wellfleet. From the solitary dunes on the ocean side to the flat bayside... a distance of three miles across... it covers an area of a little more than 14 miles. It has a population of 3,415, and like all towns on the Cape it has a town meeting form of government, with elected Selectmen (three) at the helm. Tax rate last year was \$14.50 per thousand; a grand list of \$166,399,810.00 total assessment, which produced in revenue to the Town, a total of \$2,497,931.23.

EASTHAM...

Gateway to the National Seashore is BEAUTIFUL any time but especially so OFF SEASON. May and June, again in September and October — Yes, come to EASTHAM before or after the crowds.

See nature in all its beauty — travel the highways and byways when there is room to breathe.

Yes, — for the birders, for the bicyclists, the photographers, the nature lovers — that is the time to come to EASTHAM. For the golfers, the courses are not crowded, for the tennis players, they can play without waiting hours for a court. And best of all, in most places OFF SEASON RATES prevail.

For information, contact the EASTHAM BOARD OF TRADE, INC.
Eastham, Mass. 02642.

Beach Plum Cordial

1 quart ripe beach plums

2½ cups of sugar

1 qt. of 100 proof vodka

Put all in gallon jug. Shake well every morning and night for two weeks. Put away for two months and then strain and bottle.

Sent in by Bart Mancini

Beach Plum Brandy (By Sheila)

2 cups whole beach plums

2 cups sugar

4-fifths quart brandy

Sterilize a large jar with a tight fitting cover. Place the beach plums in the jar, add the sugar and let the combination stand overnight.

Add the brandy. (The beach plums will mellow the rough taste of an inexpensive brandy, but you can use fine cognac for a superb result.) Cover the jar tightly. Let the mixture stand for at least two weeks at room temperature. Open the jar and stir the contents daily. Strain the brandy through cheesecloth, wringing the fruit in the cloth to obtain the maximum amount of brandy.

Filter the brandy about two cups at a time, through coffee filter paper supported in a cone or funnel and placed over a clean jar. If the paper becomes clogged, transfer the contents to a clean filter paper. The filtering process may take as long as eight hours; if the brandy is not perfectly clear, filter it again.

Store in a tightly covered bottle. Makes about one quart.

An easy way to bring them home.

EVER TRY AN EASTHAM TURNIP – THEIR SUPER

IMPORTANT INFORMATION

Small Boat Suggetions

Before going out in a small boat of any kind . . . **CHECK THE WEATHER.**

The law requires that a small boat regardless of size, when driven by a motor, including an outboard motor, must have aboard a life preserver or a buoyant cushion for each person (including children) on board. There is a fine of \$100 for both owner and occupant.

About licenses, parking stickers

You must obtain a sticker for your car to go on town owned beach parking areas. It will save you money. You must have a sticker on your car to go to the town dump. You must have fishing and shell fishing licenses. These are all available at the Town Hall, either at the Town Clerk's office or the Selectmen's clerk. You must have a permit from the police department for beach parties. While at the Town Hall for the above, register there. In case of emergency it will be easier to find you. There are new regulations about loose running dogs. Find out about them at the Town Hall.

Attention Bathers! While on the beach DO:

- 1—Call for help when you think you need it.
- 2—Report to Life Guard for first aid.
- 3—Ask Life Guard for information about tides, runouts, etc.
- 4—Help us keep the beach safe and clean.
- 5—Keep pets at home.

DON'T:

- 1—Call for help unless you need it.
- 2—Go swimming right after eating or directly after any vigorous exercise.
- 3—Stay in sun over half hour on first exposure.
- 4—**Do not** take dogs on beach.
- 5—**Do not** keep dogs in car.

Transportation

Air: from New York city or Boston direct to Hyannis via Air New England. From Boston to Provincetown, via Boston-P'town airline.

Train: Penn Central and Amtrak connecting with bus service from Providence and Boston.

Bus: via Almeida, or Bonanza-Greyhound to Hyannis, connecting to P'town.

SALT POND, EASTHAM, 1980

It looks as though it might be a bridge across the pond. Or perhaps it's a seagull rookery or feeding station for migrating birds. Actually, it isn't any of those, but rather a hopeful effort to produce more shellfish in Eastham. What we are referring to is the string of floats, rafts and what-have-you that lies in Salt Pond.

Hanging below the styrofoam floats that you see from the shore are trays containing a variety of shellfish ranging from oysters to blue mussels, quahogs (hard shell clams), scallops and steamers (soft shell clams). They all have one thing in common — they are all babies, growing as fast as they can in our "nursery". The reason that they are there is because the growing conditions in Salt Pond, things like food, salinity, temperature, shelter from storms, are near perfect for them and they take full advantage of the season.

Most of the rafts contain young quahogs. In the spring, they are delivered to the pond from a hatchery when they are about as big as a pea, age four months. Up to one hundred thousand are given a home in sandboxes hanging from the rafts. By the following spring they are over an inch in length and ready to be transplanted to the rest of the marsh. In a short time they will reach a legal size of two inches and be ready for your table.

And so it is with the other beasts living under the rafts. Some are brought to us from hatcheries, others are bestowed on us by Mother Nature. The nursery protects from predators the young in the early stages of their life when they are most vulnerable, and provides us with one more step toward the future of our shellfish resources.

For you to take advantage of today's resources, first stop at the Town Hall and purchase a shellfish license. Then fetch your scratcher, pail and family helpers and dig up some supper. Salt Pond is open on Sundays only as listed in the schedule below. The rest of the town is open all the time except as posted. You'll be glad you did.

In spite of the growing price of shellfish seed, Eastham has managed to keep their license fees at a minimum: for non-commercial shellfishermen: \$4 for a taxpayer; \$6 for a family renting

in Eastham; and for non-resident, non-renting visitors \$10. These fees are for an entire family and permit the taking of one level 10-quart pail of any and all kinds of shellfish per week all year. (Excepting scallops, for which special regulations are written each year.)

Non-commercial shellfish on Sundays only. Sundays not listed here the Salt Pond is open for non-commercial shellfishing all day.

Areas in Salt Pond open only as posted at Town Landing. All other areas in Eastham open at all times between sunrise and sunset unless otherwise posted. All sedge grass areas closed to all shellfishing.

Times listed here Daylight Savings Time.

Limit: one LEVEL 10-quart pail per family per week.

Frank Schumann 255-4049

Located on Town Cove next to The Inn of the
Yankee Fisherman.

Open 6 days a week, Sunday by Appointment.

You are cordially invited to attend the 300th Birthday Celebration of Eastham's Old Windmill. It will last all through 1980.

The Old Mill typifies the long association Eastham has had with windy weather, Summer zephyrs, Autumn gales, Winter nor'easters and occasional hurricane all waft their way across this narrow Cape Cod Town. Over the years, these winds have run saltworks, ground corn, pumped drinking water, ground bark, operated anemometers, whistled through screen doors and interfered with TV reception.

At one time Eastham had a tide mill, three windmills, scores of saltworks and a wind-driven water pump at almost every house. Today, only the Old Mill stands as a reminder of that time.

Come in and see it in complete working order. Examine the mortise and tenon joints, hand hewn cant posts, oak gears, spindles, stones, meal bin and many other fascinating items. Let the "millers" explain its works and spin their yarns in one more and final example of the windy weather in Eastham.

THE BATTLE OF THE BEACH

(By Henry Lind)

The ever increasing numbers of retaining walls, revetments, and bulkheads along the Eastham bay shore represents various homeowners' efforts to combat one of the oldest environmental forces on Cape Cod — erosion. During the thousands of years since the formation of the Cape the sea has been reducing the landform in some areas and transporting the sand to other areas. Eastham's shore is no exception to this rule, and the cliffs of Cooks Brook, Campground, and Thumpertown beaches have been eroded onto the flats and transported by wave action to the barrier beaches at Sunken Meadow and First Encounter. This procedure is called littoral transport and is responsible for the creation and protection of the salt marsh systems in these two areas.

When a revetment or bulkhead is installed on the beach the natural processes are interrupted. The waves are not allowed to bring sand onto the beach from the bank, and the energy of the waves is instead directed against the sand at the foot of the wall. This tends to lower the level of the beach in the front of the wall, and brings the edge of the high tide closer to the wall. Eventually, if the level drops too far, the wall loses support and fails. In the long range, the sand which is normally transported north and south to the barrier beaches is interrupted. These beaches then become more and more narrow and subject to overwash and accelerated degradation.

A conflict exists between these two forces — the protection of personal property and dwellings, and the preservation of the natural beach systems. Several methods of alleviating this problem are available, and experiments are ongoing to attempt to make them work. The most simple and straightforward is to carry sand to the beach from inland and dump it. This is called nourishment, and is effective, but expensive and never ending. Another method is planting the beach area with marsh grasses which are able to hold the sand in place and lessen the impact of the waves on the sand. This method has had some limited success. This technique used sand bags to trap sand above the flats and replace sand transported out by the waves. Studies showed that to be effective in Cape Cod Bay, the sand bags would have to be 6 feet tall, which would interfere with other activities on the beach such as swimming and fishing.

The solutions to the problem are not simple. With patience, luck, and ingenuity perhaps reasonable alternatives can be offered.

THE BATTLE OF THE BEACH

(By Henry Lind)

The ever increasing numbers of retaining walls, revetments, and bulkheads along the Eastham bay shore represents various homeowners' efforts to combat one of the oldest environmental forces on Cape Cod — erosion. During the thousands of years since the formation of the Cape the sea has been reducing the landform in some areas and transporting the sand to other areas. Eastham's shore is no exception to this rule, and the cliffs of Cooks Brook, Campground, and Thumpertown beaches have been eroded onto the flats and transported by wave action to the barrier beaches at Sunken Meadow and First Encounter. This procedure is called littoral transport and is responsible for the creation and protection of the salt marsh systems in these two areas.

When a revetment or bulkhead is installed on the beach the natural processes are interrupted. The waves are not allowed to bring sand onto the beach from the bank, and the energy of the waves is instead directed against the sand at the foot of the wall. This tends to lower the level of the beach in the front of the wall, and brings the edge of the high tide closer to the wall. Eventually, if the level drops too far, the wall loses support and fails. In the long range, the sand which is normally transported north and south to the barrier beaches is interrupted. These beaches then become more and more narrow and subject to overwash and accelerated degradation.

A conflict exists between these two forces — the protection of personal property and dwellings, and the preservation of the natural beach systems. Several methods of alleviating this problem are available, and experiments are ongoing to attempt to make them work. EASTHAM WEATHER (as compiled by Cape Cod Chamber of Comm.)

We in Eastham are fortunate regarding our weather. Situated between the Atlantic Ocean and Cape Cod Bay, the stabilizing effect of both bodies of water tend to keep Eastham cooler in the summer and warmer in the winter than the mainland, or for that matter most of the Upper Cape.

For Vacationers' Needs

Snow's

IN ORLEANS

H. H. SNOW & SONS, INC.
Main St., Orleans
255-0158

Snow's is headquarters in the Lower Cape for many things for the vacationer — all kinds of beach equipment — umbrellas, towels, beach chairs, inflatable rafts, thermos jugs and toys.

Snow's also has departments for housewares, hardware, electrical appliances (large and small), garden supplies, radios, and hi-fi equipment.

Propane gas camper tanks are refilled daily at 1:00 p.m.

No wonder vacationers flock to . . . Snow's.

Come and join the crowd.

Those Great "Do-Nothing-Days"

Under the watchful eyes of the lifeguards (in white helmets) swimmers challenge the surf at Coast Guard Beach, one of the favorite swimming areas in the National Seashore.

Eastham Visitor's Activity Index

AREA ORIENTATION: Soon after you arrive, check in at the Eastham Town Hall on Rt. Six in the center of town. Here information is available about fishing licenses, beach parking permits, fire permits for beach cookouts, boat mooring permits at the Eastham Marina at Rock Harbor. Get acquainted with town officials, including the police and fire departments. Leave your name and address so that you can be reached in an emergency.

— On Rt. Six, going towards Orleans is the town operated Information Booth, staffed with qualified personnel who can help with information about available cottage space, where to eat, location of gift shops, etc.

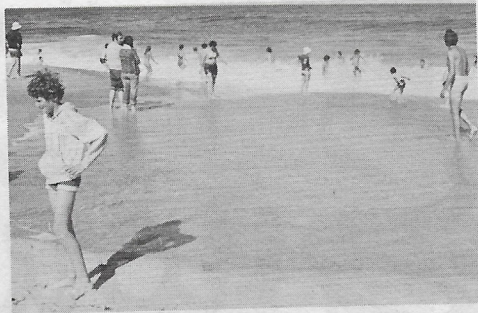

The Visitor Center of the National Seashore Park is a must and is located just off Rt. Six a few hundred yards north of the Town Hall.

SWIMMING, SURFING AND SUN BATHING (for those great "do-nothing" days)

Eastham is rich in sources for such activities . . . the ocean, the bay and the fresh water ponds. Those who prefer surfing and the robust challenge of the sea with its colder water, can enjoy the Coast Guard and the Nauset Light beaches, both within the jurisdiction of the National Seashore with its life guards and bath-houses. Each beach has a "surfing" section reserved. For warmer water and family type beach activities, the five bay beaches offer safe bathing and where you can walk out several hundred feet without getting your head wet. First Encounter and Cook's Brook beaches have restroom facilities. Parking stickers can be obtained at the Town Hall. Fresh water bathing can be enjoyed at several town ponds, featured by Wiley Park on Great Pond, off Herring Brook Road (see map) where a bathhouse and Picnic Area are located. Swimming and Life Saving classes under competent instructors are also held here. (Check story on Rec. Activities) Herring Pond, off the road by the same name, is also a popular spot.

FISHING AND OTHER SPORTS FACILITIES:

Tennis courts are available on a first come first served basis at the Eastham Elementary school

grounds on Schoolhouse Road, and at the Nauset Regional High School grounds off Cable Road, North Eastham, and at the town courts in Orleans, near Eldridge Park. A teen age recreational program under trained leadership is held daily at the Nauset High grounds. (Check schedule of Recreational Activities program.)

The area abounds in golf courses, both public and private. Check the Yellow Pages for details. Some of the nearby courses . . . with a few miles radius are: Brewster, Bass River, Dennis Pines, Harwich Municipal, Blue Rock in South Yarmouth, Harwich Port Country Club, Highland Golf Course in Truro, Eastward Ho in Chatham.

Surf casting and fresh water fishing abounds in the area, and charter fishing boats leave daily from Rock Harbor, Provincetown and Wellfleet . . . all within a few minutes ride from Eastham. On Sundays, those with licenses can dig for quahogs (see Sunday schedules on page 6) and the Nauset Marsh, Town Cove or the Bay Side can be explored for shellfish at low tide.

The Nauset Rod and Gun Club of North Eastham has facilities for those interested in rifle, or skeet shooting.

Eastham hosts an active **Little League Baseball** program centered around the attractive field behind the Town Hall. Cape Cod's famous NCAA sponsored Baseball League featuring outstanding college players is represented locally by the Orleans Cardinals, and large crowds watch exciting baseball games, evenings, at Eldridge Park, in Orleans.

Ice skating enthusiasts will find excellent facilities at the Rees Rink off Eldredge Parkway in Orleans, or at the Cape Cod Coliseum off Route Six in So. Yarmouth.

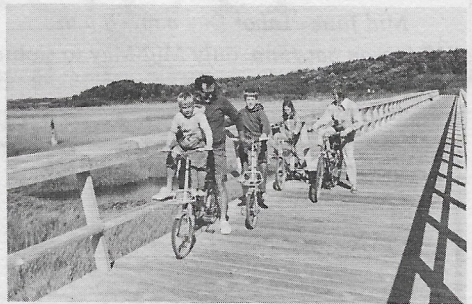

Summer theatre is here all summer . . . try the Dennis Playhouse, the Monomoy Theatre in Chatham, The Arena Theatre in Orleans, and the Cape Cod Melody Tent in Hyannis to mention a few. Wellfleet, just north of us, has a well operated Drive-In theatre.

The Audubon Society, off Route Six, in Wellfleet, offers bird tours and nature hikes and Dune Buggy rides.

INDIAN SUMMER: We invite you to visit us in the summer, but many, many people prefer

Eastham in the late fall, when we think the Cape is at its best. Little or no traffic, uncrowded beaches, ample restaurant and gift shop facilities . . . and best of all, the weather is ideal . . . and THE PRICE IS RIGHT. Most cottage colonies and motels feature reduced rates. Check with them before leaving the Cape in the summer. Plan a return visit . . . when everything, including the PRICE IS RIGHT.

Along the bicycle trail from the Visitor's Center to the Coast Guard Beach area. . . This magnificent hiking and biking trail meanders from the Visitor's Center to the ocean, passing thru the Cedar Banks and on over the Great Marsh, where in the proper season the blue heron and flying wedges of Canadian geese vie with the terns and gulls for vantage points.

Eastham prides itself on its excellent recreation program supervised by its Director, Leo Miller, and sponsored by the Eastham Recreation Commission. The fine sports facilities of the Nauset Regional High School, located on Cable Road off Nauset in North Eastham are available to local as well as summer youngsters from ages 7 to 16.

Tennis Instruction & Competition: for playground participants will be available at the Nauset Regional High School on Monday and Wednesday 9 am to 12 noon, for “teen agers” on Monday and Wednesday evenings from 6:00 to 7:30 pm. Adult instruction is not available at anytime. The courts are open to the public unless used by the Recreation Department. Reservations can be made at the courts. Cost is \$2.00 per hour.

Swimming Program: Red Cross class for Beginners, Intermediates, and Swimmers, Jr. and Sr. Life Saving and Water Safety Aids will be available at Wiley Park, off Herring Brook Road, Monday thru Friday 9 am to 1 pm, starting June and ending August. Registration on Monday Only for 2 week periods.

ENRTA
EASTHAM NON-RESIDENT TAXPAYERS ASSOCIATION INC.

Common Bond — We are a group of people who love and cherish the Town of Eastham. Almost all of us have part-time homes here. We come with our families to relax and to enjoy the beauty of the sea, the sand and the sun. Many of us dream of a time when we can stay right on after the summer ends and never go back to that busy mainland. We are rightfully interested in Town Planning, the efficiency of the Police and Fire Departments, the condition of the beaches, the water supply and the many facets of Town Government that effect us directly.

Purpose — Our primary objective is to work toward the betterment of the Town of Eastham. We also serve as a liaison between Town officials and non-resident taxpayers. We send out newsletters and we hold two meetings during the summer to discuss our views with representatives of the Selectmen, Town Counsel or Finance Committee, National Seashore, or a State Legislator. They are not obligated to come but they do so. They listen, explain and answer questions. Members have an opportunity to participate.

Activities — Thru questionnaires we poll the opinions of members. The Executive Board coordinates the requests. At present we have a bill in the MA Legislature to allow non-resident taxpayers to vote in Eastham on town affairs other than elected officials. If you are a property owner who pays taxes in Eastham but are not allowed the right to vote here, you will undoubtedly be interested in joining this group that now numbers over 900 families from 25 states including Hawaii and Alaska plus Quebec and Montreal.

Uniting For Strength — If you are not a member why not join us? The more members we have, the greater our influence. We hope to enlist the entire group of 2000 non-resident taxpayers in Eastham who together contribute nearly 70% of the tax revenue.

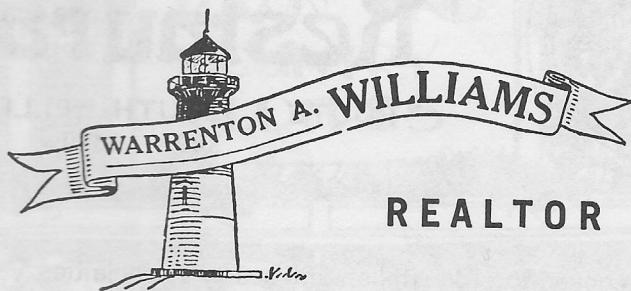

Address: If you are interested, write Box 772, Eastham, MA 02642. **Dues:** \$2.00

Officers: President, Mrs. Kay Burrows V. Pres., Ed Hurley
Sec'y., Mrs. Eleanor Watson Treas., O. M. (Sam) Burrows
Resident Coordinator, Mrs. Catherine McClosky

CAPE COD'S FINEST FASHION SHOP

DIARY OF A PROFESSIONAL SHOPPER

Tree's Tilery shows probably the largest selection of designer tiles in the USA. From Mexico, England, Holland, Italy, Israel, Japan, Portugal, America. One tile for a trivet, dozens and hundreds for a hearth, a table, a wall panel behind your kitchen range or wood stove.

Please, no tears!

Newcomers sometimes cry when they visit us—they've shopped to the wall elsewhere, and here the Beautiful Things begin! Tree's mind-opening ceramic tile display, probably the largest in the USA, shoulder-to-shoulder with Egyptian papyrus paintings, all the neckwear tartans, a museum shop of jewelry, M.A. Hadley and Quimper ware. And whether a bronze cheese prong (\$2.50) or custom-tiled table (around \$100 on up) nothing is "resort-priced", no gifte shoppe stuff. Please, no tears—just visit Tree's first. If you can't make it, will you write for our brochure?

If you feel trusting send us \$10 (by check, Visa, MC). We'll return twice the value in a splendid large tile, suitable framed, usable as cheeseboard, plant stand, hotplate. Plus a handsome bronze serving knife. Fully refundable if you're not delighted—but you will be!

EASTHAM PUBLIC LIBRARY

Our Public Library has one of the loveliest locations in town. It is located on Samoset Road just west of the Windmill and overlooking Long Pond. There is a convenient off-street parking area behind the library.

The original building was built in 1897 by the Village Improvement Society (which explains the inscription over the library door) and was given to the town in 1903. During 1976 the Trustees published a short history of the library, written and researched by Helen Schwind. Copies of this history are still available at the library.

Librarian Jane Eldridge will be happy to help you make a selection from among the current books or from our excellent Cape Cod collection. Genealogists will find a wealth of material here, and children, of course, get special attention. Check the local papers for story hour times, Mimsy puppet shows, & Film Programs.

All are welcome to use the library facilities. For Massachusetts residents or Eastham tax-

payers there is no charge; for other visitors, we ask a small fee for a temporary card.

The Library. It's a great place for the whole family to go, on rainy days or any day!

BEFORE YOU CAST THAT LINE ...

Or draw that bow, or back that pack, or pull that trigger, or set that sail . . . stop in and see the Goose. Because the goose has everything you need in sports equipment. Kayaks, canoes, sail and power boats*, and even boat rentals, to make a good sport even better.

WINDMILL DAYS

Eastham is celebrating the 300th anniversary of it's Windmill this year. Our windmill is the oldest operating one on Cape Cod, and is one of the oldest in the country. The mill was moved to it's present location, across from the town hall in 1803.

During the 19th century, the mill worked grinding corn, salt and bark. Since then it was purchased by the Village Improvement Society, restored, and turned over to the town. It has been open to the public for the last 50 years.

Celebrations will be in full swing on September 6th and 7th.
